Stock Collection

# Macrame

## About the Collection

Macrame is a craft-inspired stock collection of carpets, taking influence from the ancient art of knotting threads in a geometric pattern. Manufactured in 80/20 wool nylon, this stock collection is available in 7 versatile colourways at 4 metres wide in a heavy commercial quality. In addition to our existing eco-friendly stock collections, Macrame incorporates pure undyed wools which have had no chemical treatments or dyes applied.

One square metre prevents at least eight plastic bottles from going to landfill or entering our oceans.

### The benefits

-  Less risk of scuffing skirtings and paintwork.
-  Excellent underfoot comfort
-  Easier to cut, reducing wear on blades.
-  Compatible with conventional installation methods – stretch fit and double stick.

### How evobac is made

1 Plastic bottles are shredded into flakes.

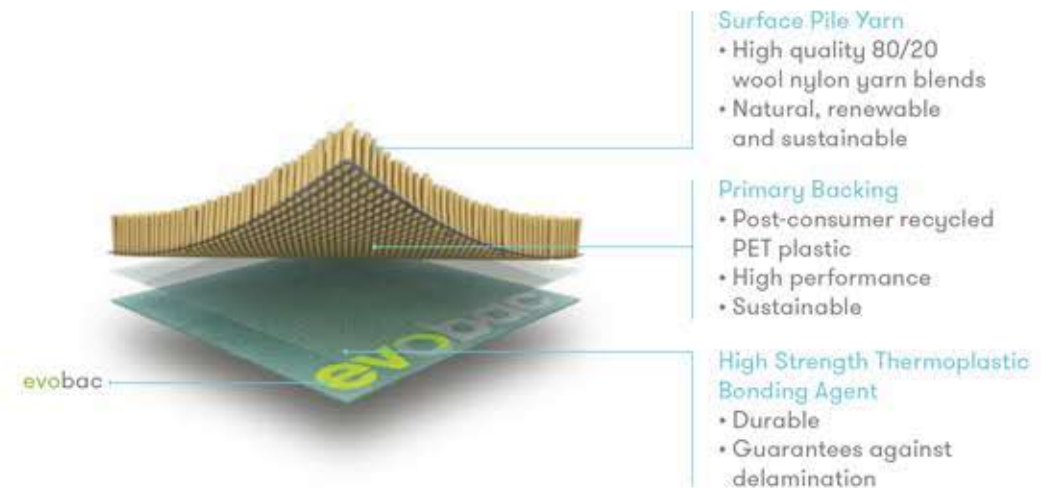

2 The flakes are converted into tape and woven.

3 Next polyester fibre is needled into the woven tape.

4 The result — evobac.

## Our Story

For over 50 years Newhey has created beautiful wool-rich carpets for the Hospitality and Leisure sectors. The combination of quality design, innovative technology and the best manufacturing expertise results in high quality carpets for hotels, restaurants and bars.

Working hand in hand with designers and specifiers to understand their needs, we act as your design and technical partner to create carpet that is just right for your projects. We are also proud members of the Made in Britain campaign, designing, testing and manufacturing all of our products in the UK.

We employ local people at our site near Manchester benefiting our surrounding community and economy. Our high levels of service and quality would not be possible without the support of our longstanding partners. We rely on the dedication and expertise of local spinners and dyers to ensure our product is delivered on time, on budget and will perform within its chosen environment.
