# Creating beautiful carpets and rugs for the hospitality and leisure sector

Newhey Carpets is a leading British manufacturer of contract carpets for the hotel and leisure sector. Applying over 50 years of manufacturing experience, the company constantly embraces the very latest production techniques in order to deliver reliable, high performance products to its global customer base.

Driven by innovation, Newhey uses a mix of yarns and colours to develop unique solutions for commercial interior designers, all backed up by market leading after sales advice and support.

The company is at the forefront of the carpet sector in terms of reducing its carbon footprint through the development of low embodied energy. Newhey's advanced backing system utilises a solvent free application process to apply the revolutionary evobac, which is made using post consumer recycled PET.

evobac

## How evobac is made

1 Plastic bottles are shredded into flakes.

2 The flakes are converted into tape and woven.

3 Next polyester fibre is needed into the woven tape.

4 The result — evobac.

## Area rugs

Each of our stock collections can be transformed into stunning area rugs, providing the same high quality and durability we are renowned for with our broadloom carpets.

Expert binding of all our rugs is carried out at our factory in the UK, offering a variety of both narrow and wide taped edge finishes in a host of colour options.
