

### Product Specifications

Quality Name	Contract 11 Row
Construction	Woven Axminster
Fibre Content	2-PLY 80% Wool / 20% Nylon
Mothproof	✓

Pile Weight	(±) gr/m <sup>2</sup>	± 1,634
Total Weight	(±) gr/m <sup>2</sup>	± 2,410
Effective Pile Height	(±) mm	± 7,5
Total Height	(±) mm	± 9,5
Pitch	(±) per inch / m	7 / 276
Rows	(±) per inch / m	11 / 433
Width	(±) cm	± 400

### Classification

EN 1307	CL.33 Commercial Heavy
Luxury Rating	LC5
Electrostatic Behaviour	Antistatic
Underfloor Heating	✓
TOG Rating	(±) ± 1,1

### Flammability

BS 4790 (Hot Metal Nut)	Pass, Low Radius of effects of ignition
EN 13501 – 1 (Radiant Panel Test)	Bfl-s1

### Colour Fastness

Light Fastness ISO 105-B02	≥ 5
Rubbing Fastness Dry ISO 105 X12	≥ 3-4
Rubbing Fastness Wet ISO 105 X12	≥ 3
Water Fastness Change in Colour ISO 105-E01	≥ 3-4
Water Fastness Staining ISO 105-E01	≥ 2-3

### Shading or Pile Reversal

Shading, or pile reversal, is a natural phenomenon that can occur in any cut pile carpet. This tendency is not detrimental to the wearing properties of the carpet and is not considered a manufacturing fault.

### Installation

Carpet should be installed on suitable contract quality underlay by a professional installation company in accordance with BS 5325:2001, the code of practice for the Installation of Textile Flooring Coverings. Carpet will require edge trimming prior to installation.

### Maintenance

Proper maintenance and care is critical to the long term performance of any carpet and should be written in to the specification of a project. For guidance and advice please contact a Newhey representative.

### Tolerances

Manufacturing tolerance (±) = Plus/minus 10% unless another figure is stated. Carpet manufacturing is a complex series of operations, therefore slight variations in weights are to be expected. Specifications are subject to change without notice; however, this will not have a detrimental effect on the performance of the product.
