Axminster LookBook

Designed By Us, Reimagined By You

About our Axminster Offering

Drawing on decades of experience in hospitality and leisure interiors, our Axminster design archive represents a carefully curated collection of patterns created to perform beautifully in demanding commercial environments. This brochure offers a glimpse into that archive - a considered selection of design ideas that showcase the breadth, versatility and creative depth of our design service.

Across nine distinct categories, from expressive abstracts to refined pin dots and classic trellises, each design reflects our understanding of how pattern, colour and scale influence the character of a space. These designs are intended to inspire: to spark ideas, support creative conversations and demonstrate how Axminster carpet can enhance a wide range of interior schemes.

This brochure is designed to inspire and introduce you to a much wider design source. Our website features over 200 Axminster designs spanning 9 categories, offering greater choice, flexibility and the opportunity to explore variations in colour, proportion and layout. Visitors can also request physical samples, download design prints and access detailed technical data sheets to support specification and project planning.

Alongside our extensive archive, we also offer a fully bespoke design service. Working directly with our in-house design studio, clients can develop unique patterns tailored precisely to their brand, concept and interior vision.

As a leading designer, manufacturer and supplier of hospitality and leisure carpets, we provide a complete design-led service - combining creativity, technical expertise and project support to help bring exceptional interiors to life. For further information, or to discuss how Newhey Axminster can be specified for your next project, our sales team is on hand to offer guidance, advice and support at every stage.
